

Duere Gabrielle Oyeinmiede Frontend Engineer

✉ godd3101@gmail.com ☎ 09061176115 📍 Lagos, Nigeria 📅 2007-01-31

PROFESSIONAL SUMMARY

Dynamic web developer with a proven track record at UK Dion Investment Ltd., excelling in front-end frameworks and responsive design. Adept at fostering client relationships and delivering high-quality projects on time. Known for adaptability and results-oriented approach, I thrive in collaborative environments while leveraging JavaScript proficiency to create impactful solutions.

Professional Experience

Frontend Intern

PipeOps

09/2025 – 11/2025

Lagos, Nigeria

I worked at PipeOps for my SIWES Summer Internship. Being an established startup company, I got real exposure to Team Dynamics and Collaboration. I also had the chance to work on several individual and team projects intensely improving my skills in Front-end Engineering. It also improved my eye for detail, innovation and my ability to take and implement constructive criticism

Freelancer

Freelancer

03/2022 – 11/2023

Lagos, Lagos

- Developed and maintained relationships with clients to ensure satisfaction with the final product.
- Cultivated and maintained effective working relationships with clients.
- Adhered to strict deadlines while delivering high-quality work products within budget constraints.
- Developed and maintained web applications using HTML, CSS, JavaScript, and React.
- Formatted visual media to optimize for web usage.

Frontend Intern

UK Dion Investments Ltd

07/2021 – 02/2022

Lagos, Nigeria

I got my first real immersion into the IT workforce. I got to learn the basics of HTML & CSS, JavaScript, Version Control, Responsive Design Principles and developed a strong work ethic as an unpaid intern.

Education

B.Sc. Computer Science CGPA - 4.62

Landmark University

11/2023 – Present

Kwara, Nigeria

Focused on developing strong analytical, programming, and problem-solving skills with coursework in Software Engineering, Data Structures, Algorithms, Database Systems, Artificial Intelligence, and Web Development. Engaged in hands-on projects involving modern technologies and collaborative team-based problem solving.
